NHS-130C SPECIFICATION SHEET

SONY

The NHS-130C is a pre-integrated, pre-configured and pre-wired home entertainment and control system. It is designed to be a cost-effective solution, saving time and money to integrate while providing consumers the ultimate whole house entertainment and control experience. The system includes a home theater, 12 HD video zones, popular source components and an integrated Control4® Home Controller HC-500 for controlling systems like lighting, temperature and security.

FEATURES

- Control4® HC-500 Home Controller built in and fully integrated. Compatible with Control4®'s complete line of home control products:
  - Add keypads and touch panels for zones
  - Add lighting, temperature and security controls
  - Add local zone controller for on-screen navigation in zones
  - On-screen navigation in home theater for easy, convenient control
- 7.1 HD Video home theater with HDMI
- 12 additional HD video zones
- Pre-wired, pre-configured and pre-programmed for ease of installation
  - All components are pre-integrated into a custom-designed Control4® project file to allow quick setup and configuration
- Pre-built in a Middle Atlantic AXS rack
  - Pull-out frame design saves time and reduces labor
  - Provides easy access to pre-wired auxiliary trays to install additional components
- 8 Sources
  - 400 disc DVD/CD changer with Internet lookup and content management
  - Built-in 160 GB music server allows quick access to digital music libraries
  - Blu-ray Disc™ Player
  - XM/Sirius/AM/FM tuner
  - Built-in iPort™ iPod® port with content navigation and control. Add an iPort™ dock anywhere in the house.
  - Flexibility to add 3 additional components (built-in shelf space for each component)

SPECIFICATIONS

HOME THEATER

- 7.1 home theater
  - Includes HDMI video output, front L+R, surround L+R, surround rear L+R speaker level outputs at 100 (watts) x 7 (channels) plus subwoofer line output
- HDMI upscaling up to 1080p
  - All sources are upscaled for maximum clarity on large displays and projectors

CONTROL AND HOME AUTOMATION

- Compatible with Control4® keypads, wireless remotes, touch panels, lighting control, HVAC and security devices
- 6 PoE ports built in
  - Allows easy integration of Control4® powered keypads or local home controllers in up to 6 zones
- 6 Ethernet ports built in
  - Allows easy integration of additional local home controllers in up to 6 additional zones
